Caught at the Meeting of City Dads

The pavement on Anapola street is completed, but there remains considerable cleaning up work to be done. This will be accomplished at once to make the street presentable, City Engineer Joseph announced.

At present the fire department possesses no ladder long enough to reach to the top floor of the school building. So the trustees Tuesday night voted to buy a 50-foot ladder. The purchase of nine new rubber coats for firemen was also authorized.

The trustees voted to purchase a lawn-mower for use on the city park along El Prado street, where the city engineer's department has already raised a fine crop of green grass.

No protests were made last Thursday night on the proposed ordinance to allow the construction of more duplex dwellings and apartment houses. So the trustees adopted the recommending proposals Tuesday night with minor alterations which will allow the construction of duplexes and one-family dwellings on Gramercy and Andree avenues.

CHARITY BALL FOR BENEFIT OF DISABLED

On Friday evening, Dec. 7, the American Legion Auxiliary will stage a charity ball. All proceeds will be used in making Christmas happy for wounded ex-service men. Since the armistice was signed, five years ago, we have had five happy Christmases, but what have we done for those who are still suffering from wounds and other disabilities received in helping to bring about the result that caused the signing of the armistice and thereby made it possible for us to enjoy our happy holidays? Now is the opportunity for every patriot in Torrance to make a wounded soldier happy.

Attend the American Legion Auxiliary charity ball.

This annual affair has always been successful, financially and socially, and we hope to make this the best one ever. Tickets will soon be in circulation, and may be obtained from any member of the American Legion Auxiliary.

Torrance Toggery Sale Huge Success Through Advertising

"The most successful sale I have ever known in Torrance, and I attribute its success to advertising." Thus did Simon Rosenberg, proprietor of the Torrance Toggery, express his satisfaction over the results of the big sale which closed Saturday night.

"The people of Torrance," he continued, "know value when they see it. They have patronized this sale enthusiastically. I am convinced that the way to get results out of a sale is to advertise it with large space in the local paper. I thank the people of Torrance and surrounding territory for their patronage, and congratulate The Herald for the results obtained by our full page advertisement in last week. The sale closed Saturday night."
